

Guide

WEDDING EVENT

Hi,

I'm Grazia, Floral Artisan and Wedding Florist, owner of "Emozioni Floreali".

I have been doing this business since 2009, I have followed with immense passion many couples of future spouses on their way.

After many years of study and research I transformed my working method in something even more personalized, realizing this guide in which to express your preferences how you would like to make your day special and unforgettable, with an unique floral style, made to measure for you as a tailored suit.

After expressing your preferences, I kindly ask you to send me this guide filled out by email or Whatsapp, attaching, if you want, photos regarding the inspirations to work on.

How I Work

1

First meeting: I will listen to your needs.

2

Second meeting: I will concretize your ideas with a project and its budget.

3

Third meeting: after the approval of the project and signing the contract... We will start dreaming big!

How to continue

After your answers we will organize for a first interview, to know and listen to each other, in order to elaborate in more detail all your wishes.

Based on your ideas, to the choice of colours and flowers, after the compilation of the guide, I will make an estimate, and if approved, I will develop a customized project for your event.

The project will cost €200, which will then be deducted from the total cost if you will entrust me the assignment to be able to make your special day unique, with flowers and my professionalism.

Thank you for the trust.

For any doubt or explanation you can contact me.
